Operational Areas

in Karma Hospital

OPD(Out Patient Department)	Various kinds of facilities are provided to the patients visiting the OPD. The patient who is visiting the first time is required to make a computerized card and a nominal fee is charged from them. OPD used to be open from 09:00 Hrs to 20:00 Hrs. OPD is open on Sundays also.
Admission of patients (IPD)	A patient who is required to be admitted in the hospital is attended by a highly qualified doctors specialized in field and accomplished with well qualified trained nursing faculty. Patient would also be informed about the plan of treatment and projected stay in the hospital.
Laboratory	For the convenience of patients there is in-house laboratory for performing various tests HBSAG, FBS, HIV 1-2, PREGCARD, RFT, LFT etc. Samples are collected and then further processing is done and reports can be collected from Report Dispatch Area . We are also providing the ECG facility and are having association with various laboratories in the town for any kind of investigation or information required.
Pharmacy	Our hospital is having registered Pharmacy which is operated by a licensed Pharmacist around the clock. Medicines are dispensed and payments are made at the same computerized counter.
Patients Record's	We keep the records of patients confidential i.e. about the illness of patients and treatment given to the patient. Only the doctor or the team of doctors who are dealing with patient is having the right to access the record of patient. From the record room the patient card can be retrieved and sent to registration counter and then sent to concerned doctor.

We welcome the suggestions and recommendations given by patients or other people who visit our hospital by giving them **feedback forms**. People give their feedback regarding hospital and a special suggestion box is there in which feedback forms are collected and send to the **Public Relation Department** of hospital time to time for solving grievances if any.
